

Compliance Dashboard

fact sheet...

HOW DOES COMPLIANCE DASHBOARD WORK?

Compliance Dashboard is a web based tool that helps employers understand their compliance obligations by giving them the information they need, when they need it. What's more, it helps employers fulfill their compliance duties through an interactive email and follow-up system that monitors the progress of each compliance activity.

Compliance Dashboard will maintain on-going reports of compliance activities with dates, names and acknowledgements. These reports can clearly demonstrate an employer's good faith efforts to comply with applicable laws and regulations. They can also be used internally to identify potential problem areas.

Minimize Your Risk and Stay on Top of Compliance Obligations With A Powerful and Simple Online Solution

Private sector employers who sponsor health and welfare plans – whether they are large or small, self-funded or fully insured - - must wrestle with a maze of compliance requirements from ERIA and other laws, including recent health care reform legislation.
