Through our partnership with Benecon, located in Lititz, Pennsylvania, we are able to offer specialized compliance audit services. The end result is a comprehensive compliance manual that meets Department of Labor requirements.

Compliance Services offered by

Our philosophy is...we make benefits compliance easy for you.

As you put together your benefits package, as well as throughout the year, you often have questions or a need for advice on how to comply with certain laws and how to administer and interpret your plans. As a partner of Benecon, we have access to their in-house compliance staff who can answer your questions, create your plan documents, and advise you about changes to the laws and regulations that affect your plans.

Benecon has developed model forms, policies, and processes that you can use to administer your employee benefit plans. Benecon can assist with being your employee benefits legal department and provide you with the expertise you need. Their Compliance Division works closely with the Actuarial and Consulting Divisions to bring you the legal knowledge and the insurance industry experience needed to comply with employee benefits laws, to administer your group benefit plans, and to answer your questions about these plans.

Benecon can help in complying with the following federal requirements:

- HIPAA
- COBRA
- FMLA
- ADEA
- ERISA
- USERRA
