

State Guide to COBRA Supplemental Requirements

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal requirement of group health plans to provide COBRA continuation coverage to participants who lose coverage due to a qualifying event, when the employer had 20 or more full time employees. Over the years, many states enacted additional requirements similar to COBRA, either for small employers, or in addition to the federal COBRA requirements. UBA has created this chart to outline each state’s specific continuation laws.
